

# Smartwell® Beverage Dispensers

## Featuring Touchless Operation

Give your business fresh, filtered water with natural enhancements and fruit flavors on demand.

## A Smarter Way to Hydrate

With Smartwell®, your clients and team members can experience a healthier and more exciting way to hydrate.

An alternative to sugary beverages, Smartwell lets you customize your filtered still or sparkling water by adding delicious and natural fruit flavors and enhancements. Plus, instead of storing bulky cases of bottled water or cans, Smartwell saves you space and the cost of purchasing single-serve beverages.

### A friend to the environment

Compact, multiuse pouches each provide 300, 8-oz. beverages, reducing waste from single-use plastic bottles and aluminum cans.

### Easy maintenance

Caring for your Smartwell is a breeze. Simply clean your unit(s) weekly and replace pouches when needed — the online portal alerts you to reorder. Your service provider handles CO<sub>2</sub> tank replacement and preventative maintenance.

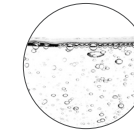

## So Many Combinations

Customize beverages by mixing and matching mouth-watering flavors and healthy enhancements. With so many options, there's a combination to delight and satisfy everyone.

### Choose still or sparkling water\*

Still water

Sparkling water

### Select a single flavor or be bold and try two

Lemon

Lime

Raspberry

Peach

### Add something extra

Electrolytes

Vitamin C

Caffeine

Sweetener

\*CO<sub>2</sub> is needed for sparkling water, not supplied.

# Meet the Smartwell Collection

Enjoy crisp, cleaner water from our floor-standing or countertop dispenser – or both! Units are equipped with a built-in chiller, filtration system, and an easy-to-use touch screen interface with optional touchless dispensing. And with the Green Ticker™ feature, users can see how much plastic bottle waste is saved by using Smartwell.

## Smartwell floor standing

Our original floor-standing unit offers more than 100 beverage combinations. It's a great focal point for any space, reminding everyone to stay hydrated.

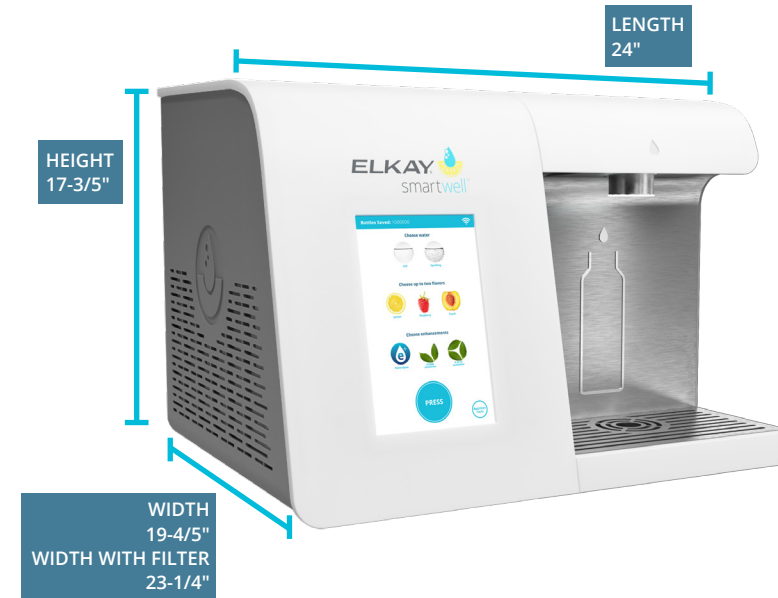

- **Serves 100-200 employees**  
Ideal for larger businesses with 100-200 employees, depending on usage
- **Holds up to eight pouches**  
Four different flavors, two enhancements, sweetener and citric acid
- **Stands on its own**  
An impressive hydrating station

**Space requirements:** 33-1/2"L x 32-3/10"W x 92"H

## Smartwell countertop

Save floor space with our convenient countertop unit that fits under most kitchenette cabinets. This is a great option for smaller businesses or as a secondary beverage dispenser for larger businesses.

- **Serves up to 100 employees**  
Ideal for businesses with up to 100 employees, depending on usage
- **Holds up to six pouches**  
Three different flavors, one enhancement, sweetener and citric acid
- **True countertop solution**  
Fits under standard kitchenette cabinets

**Space requirements:** 32"L x 23-4/5"W x 18"H

## Optional cabinet for Smartwell countertop unit

If you have limited counter space or not enough clearance, opt for the cabinet that holds your Smartwell countertop unit, and then some. Store accessories and more inside to maximize space and keep the area tidy.

- Conveniently increases storage space, frees up counter space
- Stores up to a 20-lb. CO<sub>2</sub> tank, filters and extra pouches
- Designed to seamlessly match countertop unit

## Smart, Touchless Dispensing

With the touchless dispensing capability, create custom beverages and view nutritional information right from your mobile device, without having to touch the unit itself.

### Follow these easy steps:

1. Download the free **Elkay Smartwell** app to your mobile device.
2. Open app on your mobile device and scan the QR code on Smartwell unit's screen.
3. Make your selections, dispense and enjoy!

Or use the touch screen on the unit to make your selections. **See how it works at [elkay.com/smartwell](http://elkay.com/smartwell).**

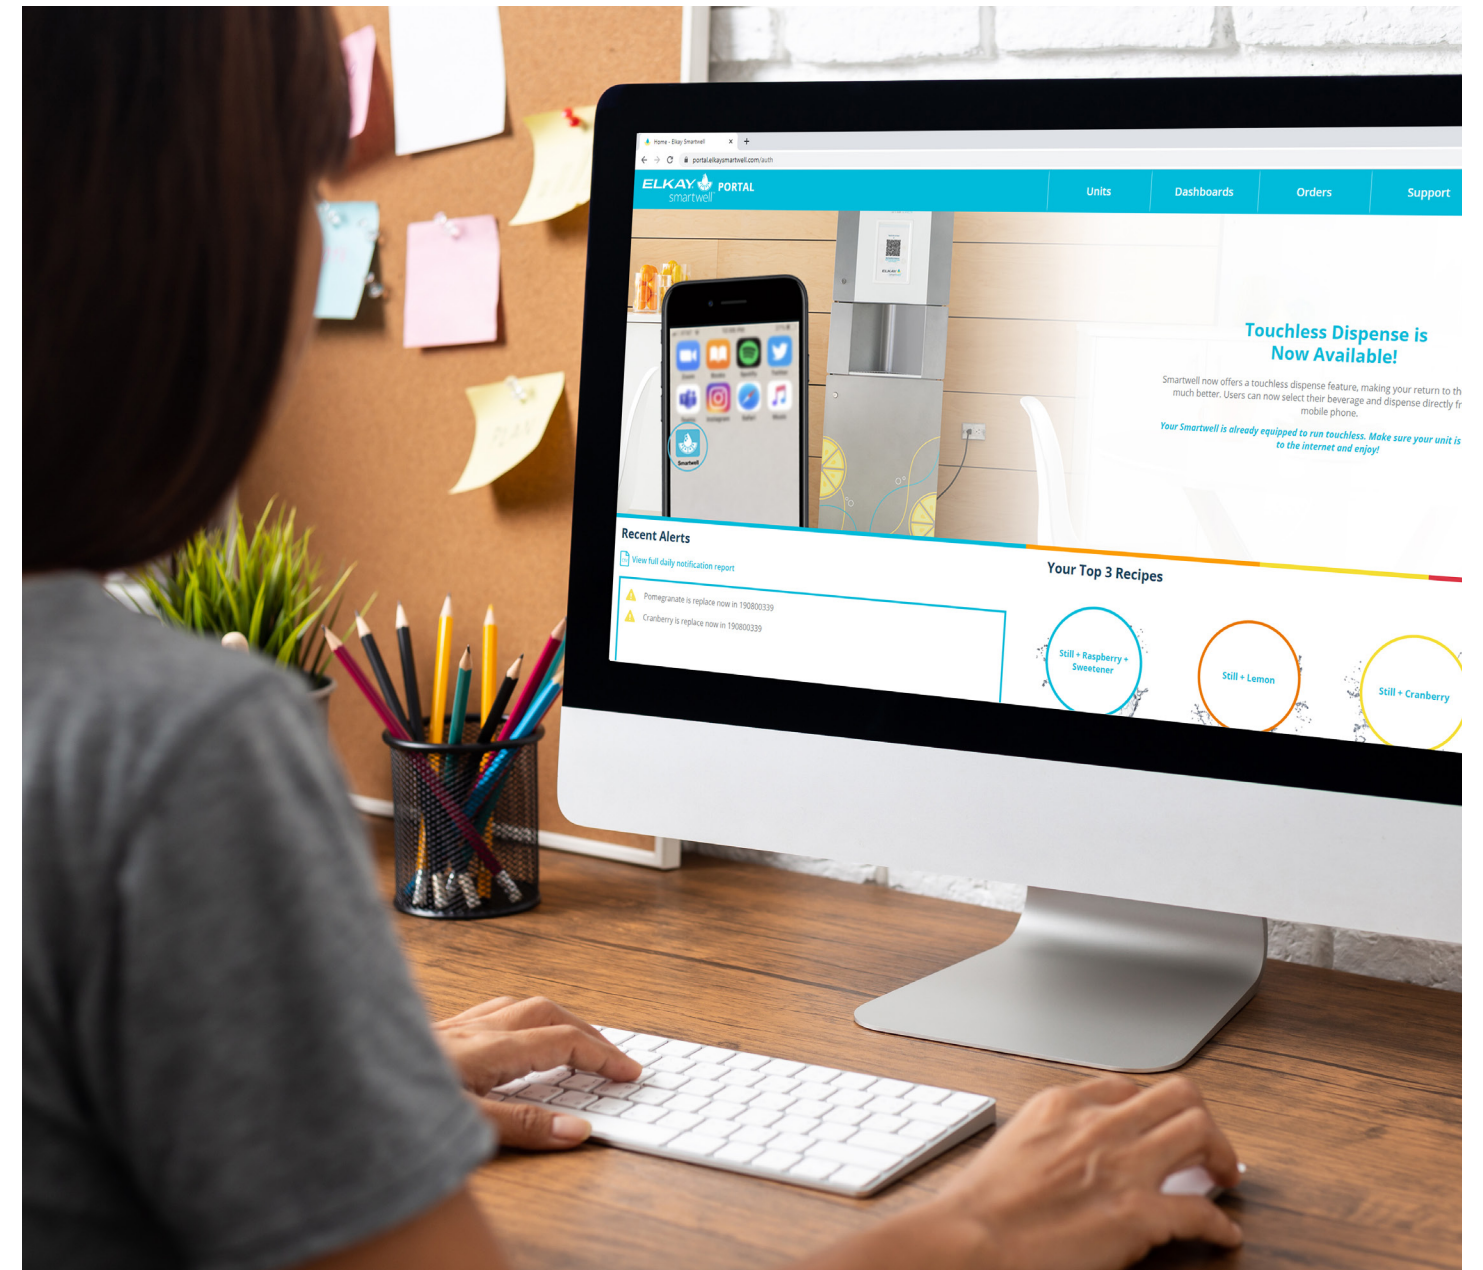

## Online Portal: Manage Your Smartwell Unit Anywhere
